

MATHEMATICS AND NUMERACY

- Add & subtract decimals
- Perimeter, area and volume
- Translation & Reflection
- Fractions & Percentages
- Frequency diagrams and line graphs
- Calculate the mode, median and mean of a set of data

EXPRESSIVE ARTS

- Artist of the week
- Choreography of dance and gymnastic routines
- Observational drawing
- Hot-seating and role play activities
- Eisteddfod entries

LANGUAGES, LITERACY AND COMMUNICATION

The Chronicles of Narnia

- Descriptive writing
- Inference & deduction
- Punctuation, grammar, handwriting, vocabulary enhancement
- Poetry
- Factual, Informative, Instructional writing
- Welsh - reading, writing and oracy

Conflict & Collaboration

Our Learning Goal

Design a collaboration-based obstacle course

HUMANITIES

- Use coordinates on maps and in atlases to locate places
- Draw maps using a key and appropriate symbols
- Eisteddfod - history and cultural relevance
- The importance of Easter to Christians - how and why it is celebrated and commemorated

Four Key Purposes of the curriculum are to develop:

- ambitious, capable learners
- enterprising, creative contributors,
- ethical, informed citizens of Wales and the world,
- healthy, confident individuals.

HEALTH AND WELLBEING

- Gymnastics
- Outdoor team games
- Daily Mile
- Interpersonal relationships (managing conflicts and working together)

SCIENCE AND TECHNOLOGY

Materials

STEM challenge: Bridge building
Investigation on changing materials:

- Use of scientific knowledge to plan a fair test, make predictions and draw conclusions from results
- Independent and Dependent variables
- Digital Competency
